National Council of Interpreting In Healthcare (NCIHC)

www.ncihc.org

The NCIHC is a multidisciplinary organization based in the United States whose mission is to promote culturally competent professional health care interpreting as a means to support equal access to health care for individuals with limited English proficiency.

International Medical Interpreters Association (IMIA)

www.imiaweb.org or email imiainllinois@gmail.com

The **International Medical Interpreters Association** is committed to the advancement of professional medical interpreters as the best practice to equitable language access to health care for linguistically diverse patients. Founded in 1986, with over 1,500 members, most providing interpreting services in over 70 languages, the IMIA is the oldest and largest medical interpreter association in the country. While representing medical interpreters as the experts in medical interpreting, membership to the IMIA is open to those interested in medical interpreting and language access. The IMIA currently has a division of providers, corporate members, and trainers. Policy makers, health care administrators, and others interested in medical interpreting are also welcome to join the IMIA as associate members.

Chicago Interpreters and Translators Association (CHICATA)
